Tafco Bulletin

5-1-2021

After 6-20-2021, Our Business reply envelope service will be discontinued and any of these envelopes you have on hand should be destroyed.

We have seen an average delivery time of 1 to 3 weeks on these envelopes since last summer. We have also had many returned to the sender after 30+ days marked "Vacant unable to forward". We feel the above action is necessary to get your Contracts and payments processed in a timely manner. We will continue to provide you with return envelopes to us upon request.

Regular 1st class mail to us is averaging 2 to 3 days from anywhere in Virginia.

Tafco is now doing ACH Payments and Card payments on customers accounts!

Call us for details on how to process.

Thanks for your continued support

all of us @ Tafco Inc.
